## **Websol Energy System Limited**

### **Secures New Order for Solar Modules**

#### **Master Supply Agreement with C.R.I. Pumps Private Limited**

**Kolkata, 8<sup>th</sup> May 2025** – Websol Energy System Limited (Websol or the Company) (BSE: 517498, NSE: WEBELSOLAR), a leading manufacturer of high efficiency solar cells and modules, is pleased to announce the signing of a solar module supply agreement with C.R.I. Pumps Private Limited, a company engaged in the business of installing, marketing and selling photovoltaic panels as part of solar-powered pumping system.

Under the agreement, Websol will supply Mono-perc DCR Solar Modules with ratings of 500Wp, 520Wp, 525Wp and 535Wp, with a contracted purchase commitment of up to 250 MW, supporting the Company's continued growth in the renewable energy sector.

The DCR (Domestic Content Requirement) classification ensures compliance with government regulations mandating the use of locally manufactured components, further reinforcing Websol's commitment to promoting domestic solar manufacturing.

Commenting on the agreement, Mr. Sohanlal Agarwal, Managing Director, Websol Energy said:

*"Securing orders for up to 250 MW of Mono-PERC DCR Solar Modules highlights our focus on quality and technological leadership. Our thorough testing processes ensure outstanding performance and reliability, building strong trust with industry partners. This achievement positions Websol to expand operations, drive innovation, and play a key role in India's transition to renewable energy by supporting our farmers through PM KUSUM SOLAR PUMPS PROJECT across India."*

The agreement marks another milestone in Websol's ongoing commitment to providing high-quality and technologically advanced solar solutions. It aligns with the company's strategic vision to scale production capacity, strengthen its operational framework and drive innovation to meet evolving market demands.

#### **About Websol Energy System Limited:**

Websol Energy System Limited is a leading manufacturer of solar cells and solar modules based in India. Established in 1994, Websol has been a pioneer in the solar industry, focusing on high-efficiency products that meet international quality standards. The company is committed to delivering sustainable energy solutions to global markets and continues to expand its footprint in domestic markets.
